

Newtek Business Services Corp.'s CEO, Barry Sloane, Comments on the Declaration of Newtek's Third Quarter 2022 Dividend of \$0.65 per Share

August 30, 2022

BOCA RATON, Fla., Aug. 30, 2022 (GLOBE NEWSWIRE) -- [Newtek Business Services Corp.](#), (NASDAQ: NEWT), an internally managed business development company ("BDC"), provides Newtek CEO's, Barry Sloane, comments on the declaration of Newtek's third quarter 2022 cash dividend of \$0.65 per share.¹

Barry Sloane, President, Chairman and CEO commented, "We are pleased to announce the declaration of our third quarter dividend of \$0.65 per share, which is payable on September 30, 2022 to shareholders of record as of September 20, 2022. With a little over four months remaining in 2022, we remain confident in our previously forecasted full year 2022 dividend guidance in the range of \$2.40 per share to \$2.90 per share. We believe the dividend forecast is indicative of the historic success of our business model and management's anticipation of a very active finish to 2022."

Mr. Sloane continued, "We remain confident in our dividend forecast even with the Federal Reserve tightening interest rates and the expected continued market volatility for the remainder of 2022. Our weighted average net gain-on sale margins for SBA 7(a) loans remain under pressure due to lagging Prime rate increases by the Federal Reserve Bank, but we are hopeful the lag will dissipate. In fact, since July, we have seen an improvement in average net gain-on-sale margins. In addition, consumer spending continues to be strong bolstering our payments business as well as our portfolio of loan credits."

Mr. Sloane concluded, "As we have previously announced, we are awaiting decisions from the regulators on our applications to acquire the National Bank of New York City, and anticipate receipt of regulatory approvals in the third or fourth quarter of 2022. Important to note, that even with this anticipated timetable we remain confident in our annual dividend forecast as we plan for wrapping up our affairs as a BDC, and currently expect to maintain our status as a BDC through the end of the fourth quarter of 2022."

¹Note regarding Dividend Payments: The Company's Board of Directors expects, while a BDC, to maintain a dividend policy with the objective of making quarterly distributions in an amount that approximates 90 - 100% of the Company's annual taxable income. The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year.

²Amount and timing of dividends, if any, remain subject to the discretion of the Company's Board of Directors.
